

Vermont Adult Learning

a member of *Learning Works*
Vermont's Adult Education
& Literacy System

MISSION

To provide adults with essential skills education to further their educational, employment, and personal goals, in order to expand their options and capabilities in the family, community and workplace.

VISION

All Vermonter's are literate and have the skills to successfully participate in family, community and workplace. At VAL, individuals transform their lives through the integration of education, life, and workplace skills. VAL is a recognized, essential partner in an integrated educational system assuring that every Vermonter has access to opportunities for advancement.
